You Will Not Regret Going with Richfield

My now husband and I had our wedding at the Art Factory in Paterson last month. Since that venue does not have in-house catering - or even a kitchen to use - we knew we needed an amazing caterer with a lot of experience that we could really trust. When looking at all the options on paper, we went back and forth among the recommended caterers, and we met with one other caterer prior to sitting down at Richfield. As soon as we met Jude though, it was a done deal - and especially so after the amazing and relaxing tasting (with a lot of very delicious food). Jude is such a professional and clearly knows exactly what he's... [Read more](#)

Amazing food and service

We just had my daughter's wedding at the Art Factory. I was extremely happy with Richfield caterers. Jude was at the wedding the whole time overseeing that everything went smoothly from beginning to end. Our guests raved about the food. Everything was so delicious and plentiful. I highly recommend them. I can't say enough good things about them. They made my daughter's wedding a success.

Art Factory Wedding with Richfield Regency

When we booked our wedding at our dream venue (Art Factory Studios) we were a little worried about all the complexity involved in having to get our own catering. Jude and his team gave us peace of mind from the minute we met for our consultation. We didn't even speak to another caterer. Jude was professional and extremely accommodating. He was able to give us the confidence we needed to move forward at the Art Factory. Day of the wedding he got there early and was there in person to oversee his staff of extremely hard working people. They went above and beyond to make the entire experience great. Post wedding guests raved about the cocktail hour, dinner and especially the bar tenders

wedding guests raved about the cocktail hour, dinner and especially the bar tenders. Everything went perfectly. Thank you Jude.

Absolutely Amazing

We had our wedding offsite at the Art Factory, but Richfield Regency did our catering. Jude and his team are amazing! Very professional and organized. Anything I needed, Jude made sure it was taken care of. His Maitre D' and I guess I would call her a lady in waiting were absolutely amazing! She bustled my dress and got wine out of it as well. The food was absolutely scrumptious! I knew from the tasting it was going to be great, but was so pleased how everything came out at their off-site kitchen space. You will not be disappointed if you choose them! I would give them more than 5 stars if possible.

Jude & Team are the BEST!

Where do I begin... Jude and his staff at Richfield Regency are nothing short of amazing. I had a few hiccups (to say the least) with the wedding venue and Jude was so supportive, understanding and dedicated his own personal time to listen to and help a crying bride. I will forever be grateful for his kindness and generosity. He was willing to make any adjustments needed to ensure my day went smooth and the bride and groom were happy. Jude and team went above and beyond to make everything perfect. The food was absolutely delicious. All of my guests have shared feedback on how great the food and large assortment of desserts was. They have also commented on... [Read more](#)
